

Certified 75 Point Inspection

SERVICE

1. Battery - fill/charge/vent routing
2. Battery Cables/Terminals
3. Fuel Filter - check/replace
4. Fuel Tank Vent Hose - routing
5. Engine Oil and Filter - replace
6. Radiator Hoses - inspect
7. Radiator - inspect/adjust fluid level
8. Air Filter - inspect/clean/replace
9. Clutch Cable - routing/clean/lube/adj
10. Clutch Fluid - inspect/fill/change
11. Throttle Cables - check/adjust
12. Engine Idle Speed - check/adjust
13. Add Fuel Stabilizer if Carbureted

SUSPENSION

14. Fr & Rr Suspension - adj to standard
15. Suspension Linkage - check/lube
16. Front Forks - check for seal leaks
17. Rear Shock(s) - check for leaks

TIRES/WHEELS

18. Tire Pressure - check/adjust
19. F & R Tires Tread Depth - replace at $<3/32$ "
20. Sidewall Condition - check for cracks and dry rot
21. Rims - check condition
22. Bead Locks - tighten as needed
23. Wheel Alignment - check
24. Tighten/Replace Spokes
25. Check Hub Condition
26. Wheel Bearings - check for play

BRAKES

27. F & R Brake Pads - replace if $<50\%$
28. F & R Brake Calipers - inspect
29. F & R Cables - routing/clean/lube/adj
30. F Brake Lever/R Brake Pedal - adjust
31. F & R Brake Hoses - inspect/routing
32. F & R Brake Fluid - inspect/fill/change
33. Rotors - check for wear & cracks

FRAME

34. Cracks, Dents & Corrosion - check
35. Steering Head Bearings - check for play/smoothness
36. Subframe Bolts & Stress Cracks
37. Swingarm Pivot - check smooth operation/lube

ELECTRICAL

38. Headlight(s) - check/adjust
39. Tail/Parking Light(s) - check
40. Brake Light(s) - check/adjust
41. Turn Signals - check
42. Oil Pressure Light - check
43. Coolant/Engine Overheat Light
44. Instrument Light(s) - check
45. Neutral Light - check
46. Gauges - check operation
47. Clock - set time, check operation
48. Side Stand Position Switch - check
49. Starter Interlock Switch - check
50. Horn(s) - check
51. Engine Stop Switch - check
52. Fuses - inspect, replace as needed

GENERAL

53. Handlebar/Hand Grips - condition
54. Levers - check condition
55. Seat - check condition
56. Seat Latches - check condition
57. Cotter Pins and Fasteners - check
58. Torque all Nuts and Bolts
59. Windscreen - check condition
60. Saddlebags - check condition
61. Backrest - check condition/mounts
62. Glove Box
63. Tool Kit
64. Owner's Manual (Booklet or CD)

FINAL DRIVE

65. Drive Chain/Belt - condition/adjust/clean/lube
66. Sprockets & Pulleys - check
67. Final & Secondary Drive Oil - fill/adj

TEST DRIVE

68. Engine - starting/idle/acceleration/cruising response
69. Clutch & Transmission - engagement & shifting smoothness
70. Drive Line - smoothness
71. Brakes - proper operation
72. Brakes - check for pulsing in rotors
73. Steering/Suspension - stability/functionality
74. Instrumentation - check operation
75. Mirrors - adjust, tighten, no cracks

YOUR SAFETY IS OUR PRIORITY
